ADDRESS.

The Publisher (Isaac Slater) in issuing this Work is deeply sensible of the extensive patronage which has been bestowed upon the present Volume, and hopes that it will prove acceptable to the mercantile and general community.

Improvements in various sections of the work will be noticeable which will add considerably to its simplicity of arrangement for easy reference. In many towns the topographical notices have been entirely re-written, whilst in others new and interesting facts have been introduced.

To the numerous gentlemen who have kindly volunteered their assistance during the progress of the Directory, and who in many instances have aided his Agents in obtaining information which has materially enhanced its value, the Proprietor's thanks are due and are hereby tendered.
