LIFE DEPARTMENT.

The Quinquennial Valuation to 31st Dec., 1879, was made on the basis of the Institute of Actuaries' (H₁) Table of Mortality and 3 per cent. interest. The Valuation was strictly a net premium one, the whole of the loading being reserved.

The Valuation Balance Sheet showed a surplus of £143,194. 6s. 6d. in the Life Assurance Fund, and of this sum it was decided to divide £140,000, leaving £3,194. 6s. 6d. of undivided profit to be carried forward to the new quinquennium. According to the regulations of the Company, the sum to be divided was appropriated as follows:

Four-fifths to the Policy-holders	£112,000
One-fifth to the Proprietors	28,000
	£140,000

A large proportion (upwards of one-fourth) of the Company's business is non-participating, and the sum of £112,000 was therefore divisible as a Bonus among 3,222 Policies, assuring with existing Bonuses £2,939,985. 10s. 6d., the Annual Premiums payable under which amount to £83,261. 17s. 2d. The Proprietors' one-fifth share, amounting to £28,000, was the sole benefit for the past five years which they received from the Life business in return for the guarantee afforded by the unusually large paid-up Capital of the Company.

LIFE FUND (1881), £1,390,000.

LIFE INCOME, £172,000.

FIRE DEPARTMENT.

Insurances Effected upon Property at Home and Abroad at Moderate Rates.

FIRE FUNDS (1881), £413,000.

The Shrewsbury Chronicle,

AND SHROPSHIRE AND MONTGOMERYSHIRE TIMES,

The COUNTY NEWSPAPER, and LEADING JOURNAL for Shropshire and North Wales,

HAS the most INFLUENTIAL CIRCULATION in the COUNTY, and is the PRINCIPAL ORGAN of SHROPSHIRE and the PRINCIPALITY, and circulates also in the adjoining Counties of Chester, Stafford, Warwick, Worcester, Hereford, and Radnor.

It is the BEST MEDIUM for ADVERTISEMENTS, since it is read by the Nobility, Clergy, Gentry, and the Monied and Trading Interests of the extensive districts through which it circulates. It has also long been acknowledged as the ONLY RECOGNISED ORGAN of AGRICULTURISTS in the County.

The surest, if not the most unerring, test of the *bona fide* character of the circulation of the *SHREWSBURY CHRONICLE*, as well as of its position in the County, and its value as an Advertising Medium, when compared with any of its local contemporaries, is to be found in the fact that besides having a widespread and extensive postal issue, it employs TWENTY-SIX NEWSMEN, and is also published by a large number of Agents. It is also the LARGEST NEWSPAPER in the County, its pages containing from twelve to twenty columns of news more than any other newspaper throughout Shropshire or Montgomeryshire.

Dr. J. COLLIS BROWNE'S

CHLORODYNE.

TRADE

MARK.

CHLORODYNE is a liquid, taken in drops. It invariably relieves *pain* of whatever kind; creates a calm, refreshing sleep; allays irritation of the nervous system when *all other remedies fail*; leaving no bad effects like opium or laudanum; and can be taken when no other medicine can be tolerated. Its value in saving life in infancy is not easily estimated,—a few drops will subdue the irritation of Teething, prevent and arrest Convulsions, cure Whooping Cough, Spasms, and Flatus at once.

Among invalids, it allays the pain of Neuralgia, Rheumatism, Gout, &c. It soothes the weary achings of Consumption, relieves the soreness of the Chest, Cough, and Expectoration, and cures all Chest Affections, such as Asthma, Bronchitis, Palpitation, &c. It checks Diarrhoea, Alvine Discharges, or Spasms, and Colics of the Intestines, &c.

The extensive demand for this remedy, known as Dr. J. COLLIS BROWNE'S CHLORODYNE, by the Medical Profession, Hospitals, Dispensaries—Civil, Military, and Naval—and Families, especially guarantees that this statement of its extreme importance and value is a *bonâ fide* one, and worthy of the attention of all.

CAUTION.—Always ask for "Dr. J. Collis Browne's Chlorodyne," and beware of spurious compounds or imitations. Dr. Browne placed the Recipe for making "Chlorodyne" in the hands of Mr. Davenport **ONLY**; consequently there can be no other Manufacturer. The genuine bears the words, "Dr. J. Collis Browne's Chlorodyne," on the Government Stamp of each bottle.

The following is an extract from the decision of the Vice-Chancellor in the late Chlorodyne Chancery suit—BROWNE & DAVENPORT v. FREEMAN:—Vice-Chancellor Sir W. P. Wood stated that Dr. J. Collis Browne was undoubtedly the Inventor of Chlorodyne, that the statements of the defendant Freeman were deliberately untrue, and he regretted to say that they had been sworn to. Eminent Hospital Physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.

Mr. Jones respectfully cautions his customers against unprincipled persons who are in the habit of taking the first opportunity of sending spurious patterns of Flannels and Tweeds, which are not "Welsh," and thus causing disappointment, as he is the only maker in Dolgelley or the County of Merioneth who has obtained Prize Medals for these favourite Welsh Goods.
